Undergraduate Degree Requirements

Each of the undergraduate colleges on the San Diego campus has specific requirements for a degree. (See “Choosing a College at UCSD.”)

Changes in Requirements

It is campus policy to introduce changes in graduation requirements so that students who began higher education (at UCSD or elsewhere) before the change will not be hindered substantially in the orderly pursuit of their degrees. This principle will have different implications for different kinds of requirement changes. To find out about the implications of particular changes, students should check with colleges, departments, or other sources of information.

Students transferring to UCSD from another UC campus who have completed their lower-division general-education requirements at a UC campus are considered to have met UCSD’s lower-division general-education requirements at Thurgood Marshall College, Warren College, and John Muir College. A letter certifying satisfaction of general education requirements under the UC reciprocity agreement must be sent to the Academic Advising Office of the student’s college. UCSD upper-division general education requirements must be satisfied. (See “Graduation Requirements” for each undergraduate UCSD college.)

Students transferring to UCSD from California Community College campuses may elect to satisfy their lower-division general-education and breadth requirements prior to transfer by completing general-education/breadth requirements using the UCSD Articulation Agreement on file at the California Community Colleges; following the Intersegmental General Education Transfer Agreement; or signing a TAG (Transfer Admission Guarantee) contract and completing TAG requirements prior to entering UCSD. See “New University of California Transfer Agreements” in the “Undergraduate Admissions, Policies and Procedures” section of this catalog.

Requirements for the Bachelor’s Degree

All course work required for a degree must be completed by the end of the quarter filed for graduation.

Every candidate for a bachelor’s degree must have completed a major.

1. A major shall require the equivalent of twelve or more upper-division courses (forty-eight or more units).

2. Requirements for majors shall be determined by departments and programs, subject to the approval of the Committee on Educational Policy.

3. Double Majors: With the approval of both departments or programs and of the college provost, a student may declare a double major after reaching junior level (90 UC units) and no later than 135 units, with a minimum cumulative grade point average of 2.50.

a. A student with a double major must fulfill the separate requirements of each major, and the equivalent of at least ten upper-division courses (forty units) must be unique to each major. Courses taken in fulfillment of lower-division requirements may overlap to any degree.

b. The two majors may not be within the School of Engineering, nor, except with the approval of the Committee on Educational Policy, within a single department. When a department major is combined with a major in an interdepartmental or interdisciplinary program, the ten courses counted as unique in the interdepartmental or interdisciplinary program must all be drawn from outside the departmental major.

c. A student who has declared a double major is not subject to the maximum-unit limitations of Regulation 600.C. and may accrue up to 240 units.

d. A student with a double major may graduate only upon completion of all requirements for both majors. Both majors will be noted on the student’s transcript and diploma. If the two majors lead to different degrees (B.A. and B.S.), that fact will be noted on the transcript, and the two degree designations will appear on one diploma.

e. A student who has declared a double major may graduate in one major upon completion of all requirements for that major, but may not continue in the University for completion of the second major.

4. An undergraduate student must have declared a major or pre-major upon completion of ninety units.

Other requirements for graduation shall be determined by the colleges in conformity with universitywide regulations and subject to approval by the San Diego Division of the Academic Senate.

American History and Institutions

A knowledge of American history and of the principles of American institutions under federal and state constitutions is required of all candidates for the bachelor’s degree. This requirement may be met in any one of the following ways:

1. By having passed with a grade of C or better one high-school unit in American history, or one-half high-school unit in American history and one-half high-school unit in civics or American government.

2. By completing with a grade of P or C– or better any one-quarter course of instruction accepted as satisfactory by the Committee on Educational Policy and Courses. Any of the following courses are suitable for fulfilling the requirement: HILD 2A-B-C, HILD 7A-B-C, or any course listed under HIUS (other than HIUS Colloquia); and Political Science 10, 100A, 100B, 100C, 102C, 102H, 104A, 110EA-EB, 110J, 142A.

3. By presenting proof of having received a score of 550 or more on the SAT II Subject Test of the College Entrance Examination Board (CEEB) in American History.

4. By presenting proof of having received a grade of 3 or higher on the Advanced Placement Test in American History adminis-
tered by the Educational Testing Service, Princeton, New Jersey.
5. By presenting proof of having satisfied the present requirement as administered at another collegiate institution within the state.
6. By presenting proof of successful completion of an acceptable one-quarter or one-semester course, with a grade of C or better, in either American history or American government at a community college within the state.
7. By presenting proof of successful completion of an acceptable one-quarter or one-semester course, with a grade of C or better, in either American history or American government at a recognized institution of higher education, junior college included, in another state.
8. An alien attending the university on an F-1 or J-1 student visa may, by showing proof of temporary residence in the United States, petition for exemption from this requirement through the office of his or her college provost.

**SUBJECT A: ENGLISH COMPOSITION**

The University of California requires all undergraduate students (including international students) to demonstrate a minimum proficiency in English composition (the Subject A requirement). This proficiency can be demonstrated by:

1. Submitting a score of 680 or better on either the Scholastic Assessment Test [SAT I]; or the Subject Tests of the College Entrance Examination Board (CEEB); or
2. Submitting a score of 3, 4, or 5 on the CEEB Advanced Placement Test in English; or
3. Submitting a score of 5 or better in the International Baccalaureate Higher Level examination in English (Language A only); or
4. Submitting proof of completion, prior to enrollment at UCSD, of an acceptable transfer-level college course of four quarter-units or three semester-units in English composition with a grade of C or better; or
5. Writing a passing essay on the Subject A Proficiency Test (which is required of all students who have not otherwise met the requirement). This exam is administered statewide during May and on campus at the start of fall quarter. This examination may be taken only once.

All students who have not previously satisfied the Subject A requirement must take the Subject A Proficiency Test prior to enrollment at UCSD. Students who fail this examination must enroll each quarter in an approved Subject A course until they satisfy the Subject A requirement. Students satisfy the requirement by achieving a grade of C or better in SDCC 1 (English Composition–Subject A) and by passing the Subject A Exit Examination at the end of SDCC 1. The Exit Examination is administered by the Subject A Program office. Students whose performance on the Subject A Proficiency Test indicates they need work in English as a Second Language must enroll in ESL courses for three quarters (or until released by the ESL director) before enrolling in SDCC 1. Students must enroll in SDCC 1 (or ESL) during their first quarter of residence at UCSD. For further information on SDCC 1, refer to "Subject A" in the catalog section "Courses, Curricula, and Programs of Instruction." For further information on ESL, see "English as a Second Language" in the catalog section "Courses, Curricula, and Programs of Instruction."

The Subject A requirement must be satisfied during a student’s first year of residence. Students will be barred from enrollment at the university if they fail to satisfy the Subject A requirement by the end of their third quarter of enrollment at UCSD. (Exception: Students in need of ESL course work may have up to three extra quarters of residence in which to satisfy the Subject A requirement.)

Students will not be allowed to enroll in university-level writing courses at UCSD until the Subject A requirement has been satisfied. Students who have been barred from enrollment because of failure to satisfy Subject A will be allowed to present evidence of further work in composition. If the Subject A director approves, these students may take a Subject A examination a final time. Students performing successfully on this final examination will be eligible to apply for re-enrollment at the university.

For further information about the Subject A requirement or the Proficiency Test, please visit the Subject A Program office, 3232 Literature Building, or call (858) 534-6177.

**Senior Residence**

Each candidate for the bachelor’s degree must complete thirty-five of the final forty-five units in residence in the college or school of the University of California in which the degree is to be earned.

Under certain circumstances exceptions may be granted by the provost, such as when a student attends classes on another UC campus as an approved visitor or participates in the UC Education Abroad, the UCSD Opportunities Abroad, Dartmouth, Spelman, Morehouse, or University of New Mexico exchange programs. Note: Courses taken through the UCSD Extension Concurrent Enrollment Program will not apply toward a UCSD student’s senior residency requirement. For further details see “Graduation Requirements” in the Index.

**Maximum Unit Limitation**

1. An undergraduate student may register for no more than 200 course units. An exception is permitted for candidates for B.S. degrees in engineering, for whom the limits are 240 units in Revelle and Roosevelt Colleges and 230 units in all other colleges. Other exceptions will be granted only for compelling academic reasons and only with the approval of the college provost and the concurrence of the Committee on Educational Policy.
2. Transfer units applicable toward general-education requirements or major requirements are included in the maximum unit calculation; all other transfer units are excluded. Advanced Placement and international baccalaureate units are excluded.

Special kinds of study—e.g., laboratories, reading programs, studio work—may be required in addition to the basic course work in given curricula.

**Graduation Credit for Physical Education Courses**

No more than three units of physical education, whether earned at UCSD or transferred from another institution, may be counted toward graduation.

**Undergraduate Minors and Programs of Concentration**

A minor curriculum—or “minor” for short—is a set of courses on a well-defined subject. For students entering after January 1, 1998: a minor shall consist of at least twenty-eight units, of which at least twenty units must be upper-divi-
Honors

COLLEGE HONORS AT GRADUATION

The Academic Senate has established the following standards for award of college honors at graduation:

There shall be a campus-wide requirement for the award of college honors at graduation. No more than 14 percent of the graduating seniors on campus shall be eligible for college honors. Normally, no more than the top 2 percent shall be eligible for summa cum laude and no more than the next 4 percent for magna cum laude, although minor variations from year to year shall be permitted. The remaining 8 percent are eligible for cum laude. The ranking of students for eligibility for college honors shall be based upon the grade-point average. In addition, to be eligible for honors, a student must receive letter grades for at least eighty quarter-units of course work at the University of California. Each college may award honors at graduation only to those who are eligible to receive college honors.

DEPARTMENT HONORS

Each department or program may award honors to a student at graduation in accordance with the following criteria:

1. The student must have completed a special course of study within the department or program. The requirements for this special course of study shall be approved by the divisional Committee on Educational Policy and published in the catalog. The requirements must include 8–12 units of supervised research or other creative activity leading to the preparation of a paper or other appropriate project. Public presentation of the project, through performance, participation in the undergraduate research conference, or other appropriate means, shall explicitly be encouraged.

2. The department or program shall establish formal procedures and criteria for application and admission to the program, which shall normally include a GPA of 3.5 in the major as a prerequisite. Students with a GPA lower than 3.5 may be admitted by exception if they show promise of success in research or creative activity.

3. Each student whose project earns the equivalent of a grade of “B” or better and who has maintained a GPA of at least 3.25 in the major shall be entitled to the designation “with distinction” on the diploma after the departmental or program name. Subject to the approval of the Committee on Educational Policy, each department or program shall establish criteria for the award of the designations “with high distinction” and “with highest distinction.”

Honor awards by departments may be designated on the diploma by the words “with distinction,” “with high distinction,” and “with highest distinction” after the departmental or program name. Currently the departments and majors listed below are approved to award honors to graduating seniors: Anthropology, Biology, Chemistry, Chinese Studies, Classical Studies, Cognitive Science, Communication, Critical Gender Studies, Earth Sciences, Economics, Electrical and Com-puter Engineering, German Studies, History, Human Development, Japanese Studies, Judaic Studies, Linguistics, Literature, Management Science, Muir Special Project, Music, Philosophy, Physics, Political Science, Psychology, Roosevelt Individual Studies, Sociology, Study of Religion, Theatre and Dance, Urban Studies and Planning, and Visual Arts.

PROVOST HONORS

Provost honors are awarded quarterly based upon the completion of twelve graded units with a GPA of 3.5 or higher with no grade of D, F, or NP recorded for the quarter.

PHI BETA KAPPA

Phi Beta Kappa is the oldest and most prestigious academic honor society for the liberal arts and sciences in America. UCSD is one of only 265 four-year institutions that have been granted chapters since the society was founded in 1776. In addition, there are approximately fifty active PBK alumni associations in major cities around the country.

More than 200 UCSD faculty and staff were initiated at their own undergraduate colleges, and they make up the local chapter, Sigma of California. Each spring the campus chapter elects student members on the basis of high scholastic achievement and breadth of academic background. The minimum criteria for membership includes:

1. Successful completion of at least 160 quarter-units by the time of consideration

2. Cumulative GPA of 3.65 or higher for work at UCSD. GPAs from transfer work are considered, but the GPA from UC must be at least 3.65, as must the overall GPA.

3. A minimum of five courses in the humanities or equivalent subjects, excluding performance or studio courses.

4. One year of college-level course credit in a second language or demonstrated equivalent literacy and proficiency.

5. One year of college-level course credits in mathematics, quantitative science, logic, or statistics (not all science courses fulfill this requirement).

6. Full-time enrollment at UCSD for at least two years.

As required by the National Society of Phi Beta Kappa, when they consider a student for membership the reviewers examine the excellence of the individual’s academic record, the breadth and quality of the courses taken, and the evidence that the student has pursued a serious line of work and is of good character. Invitations to membership are sent by letter, usually in mid-May, and initiation takes place in early June.
Application for Degree

Undergraduate seniors are required to file a Degree and Diploma Application form with their college academic advising office. Students should check with their college academic advising office for exact deadlines. Advising and counseling sessions should take place well before the quarter of graduation to ensure all degree requirements will be satisfied.

Applications not on file by the deadline are subject to special approval, a $3 late filing fee, and a $25 special-order diploma fee. Students who have not completed all degree requirements by the end of the quarter filed for graduation must file a new application. Failure to file this petition may delay the graduation date and receipt of diploma.

Specific Regulations

Progress toward Degrees

In order to apply the units of a course toward unit requirements for a degree, a student must receive an A, B, C, D, or S grade in the course. (Plus or minus suffixes (+/-) may be affixed to A, B, and C.) Further, an undergraduate student must have a 2.0 or higher grade-point average (GPA) to receive a bachelor's degree, and a graduate student must have a 3.0 or higher GPA to receive a higher degree.

Probation

An undergraduate student is subject to academic probation if at the end of any term his or her GPA for that term or his or her cumulative GPA is less than 2.0.

Subject to Disqualification

An undergraduate student is subject to academic disqualification from further registration if at the end of any term his or her GPA for that term is less than 1.5 or if he or she has completed two successive terms on academic probation without achieving a cumulative GPA of 2.0. Continued registration of an undergraduate who is subject to disqualification is at the discretion of the faculty of the student's college or its authorized agent (generally the provost/Office of the Provost).

If a student is not currently in scholastic good standing or has been denied registration for the next ensuing quarter on the date on which he or she left the university, a statement of his or her status shall accompany his or her transcript. A student who has been disqualified from further registration at the University of California may not register for UCSD courses through Summer Session, through UCSD Extension by way of the concurrent enrollment mechanism, or in UCSD Extension courses offered at the 100 level.

Students receiving financial assistance should refer to information in the Financial Aid section of this catalog. Unique scholarship eligibility requirements must be met.

Note: Veteran students receiving financial assistance from the Veterans Administration should refer to unique requirements set by state approving agencies. See veterans' information under Financial Aid.

Minimum Progress

A full-time undergraduate student is subject to disqualification from further registration if he or she does not complete thirty-six units in any three consecutive quarters of enrollment. Continued registration of an undergraduate who is subject to disqualification due to lack of minimum progress is at the discretion of the faculty of the student's college or its authorized agent (generally the provost/Office of the Provost).

Eligible students may file for an exemption from the minimum progress requirement by completing the Part-time Study application and receiving college approval prior to the end of the second week of the quarter. (See “Part-time Study at the University of California.”)

Double Majors

See “Requirements for the Bachelor's Degree” in this section.

Repetition of Courses

Repetition for credit of courses not so authorized by the appropriate Committee on Courses is allowed subject to the following limitations:

1. A student may not repeat a course for which a grade of A, B, C, I, P, or S is recorded on his or her transcript. (Plus or minus suffixes (+/-) may be affixed to A, B, and C.)

2. Courses in which a grade of D or F has been awarded may not be repeated on a P/NP or S/U basis. (Graduate students must petition and receive approval in advance to repeat a course for credit.)

Repetition of Courses

Repetition for credit of courses not so authorized by the appropriate Committee on Courses is allowed subject to the following limitations:

1. A student may not repeat a course for which a grade of A, B, C, I, P, or S is recorded on his or her transcript. (Plus or minus suffixes (+/-) may be affixed to A, B, and C.)

2. Courses in which a grade of D or F has been awarded may not be repeated on a P/NP or S/U basis. (Graduate students must petition and receive approval in advance to repeat a course for credit.)
4. On the advice of the instructor(s) and the department chair(s) concerned, the provost of a student’s college may authorize exceptions to the limitations listed in 2. and 3. above.
5. Only a grade of P or NP is to be assigned for a 197, 198, or 199 course.
6. Subject to the approval of the CEP Subcommittee on Undergraduate Courses, a department may impose additional limitations on its supervised special studies courses.

PROCEDURES
1. Students must complete an “Application for UCSD Special Studies Course Enrollment,” available in department offices, and secure instructor and department chair approval.
2. Students must submit an approved form to the Office of the Registrar to enroll in a special studies course.

Undergraduate Assistance in Courses

An undergraduate instructional apprentice is an undergraduate student who serves as an assistant in an undergraduate course under the supervision of a faculty member. The purpose of the apprenticeship is to learn the methodology of teaching through actual practice in a regularly scheduled course.

GUIDELINES
1. An undergraduate instructional apprentice shall be an upper-division student. He or she shall be involved only with lower-division courses.
2. Students are not permitted to assist in courses in which they are enrolled.
3. An undergraduate instructional apprentice must have a minimum grade-point average of 3.0. Departments may establish higher grade-point average requirements.
4. The faculty instructor is responsible for course content and for maintaining the overall quality of instruction, including supervision of undergraduate instructional apprentices. The faculty instructor is responsible for all grades given in the class.
5. The instructor is expected to meet regularly with the undergraduate apprentice to evaluate the student’s performance and to provide the direction needed for a worthwhile educational experience.
6. An undergraduate instructional apprentice may receive credit on a Pass/Not Pass basis only (through registration in a 195 course), subject to approval by the Committee on Educational Policy.
7. A student may not be an instructional apprentice more than once for the same course for credit.
8. A student may not be an instructional apprentice in more than one course in a quarter.
9. The total credit accumulated as an apprentice shall not exceed eight units.

PROCEDURE
All departments/programs using undergraduate instructional apprentices shall submit to the CEP Subcommittee on Undergraduate Courses a description of the role of the undergraduate instructional apprentice, as part of the petition for approval. Any deviation from the guidelines above must be explained and justified in a memo accompanying the petition. Any major change in the function or duty of the apprentice in a course should also be approved by the CEP Subcommittee on Undergraduate Courses.

Writing Requirements

A student may register in an upper-division course only if the student has satisfactorily completed the writing requirement of his or her college or has obtained the consent of the instructor of the upper-division course. The requirement is waived for a student who has been admitted as a transfer student and has not completed three quarters of residence at UCSD.

Final Examinations

Final examinations are obligatory in all undergraduate courses except laboratory courses, or their equivalent, as individually determined by the Committee on Courses.
Each such examination shall be conducted in writing whenever practical and must be completed by all participants within the announced time shown in the Schedule of Classes for the quarter in question. These examinations may not exceed three hours in duration.

In laboratory courses, the department concerned may, at its option, require a final examination subject to prior announcement in the Schedule of Classes for the term.

It is the policy of the university to make reasonable efforts to accommodate students having bona fide religious conflicts with scheduled examinations by providing alternative times or methods to take such examinations. If a student anticipates that a scheduled class meeting or examination will occur at a time at which his or her religious beliefs prohibit participation in the class or examination, the student must submit to the instructor, no later than the end of the second week of instruction of the quarter, a statement describing the nature of the religious conflict and specifying the days and times of conflict together with documentation of the religious proscription and of the student’s adherence to this religious belief. Upon determination that a conflict with the student’s religious beliefs does exist, the instructor will attempt to provide an alternative, equitable examination procedure which does not create an undue hardship for the instructor.

Retention of Examination Papers

Instructors are required to retain examination papers for at least one full quarter following the final examination period, unless the papers have been returned to the students.

Credit by Examination

With the instructor’s approval and concurrence by the student’s provost, a currently enrolled and registered undergraduate student in good standing may petition to obtain credit for some courses by examination. Credit by examination is intended for students who study the course material on their own and then petition for credit by examination when they feel they are prepared. The examination will cover work for the entire course. Except as authorized by the instructor and appropriate provost, credit by examination may not be used to repeat a grade of D, F, or W. A part-time student who, by registering to take a course credit by examination, surpasses the number of units allowed for part-time status must pay fees as a full-time student. There will be a $5 fee for each Credit by Examination petition.

Use of Student Petition

For exceptional circumstances, students may request approval for variances to regulations and policies. This should be done by filling out an Undergraduate Student Petition (available in the
Grading Policy

Grades in undergraduate courses are defined as follows: A, excellent; B, good; C, fair; D, poor; F, fail; I, incomplete (work of passing quality but incomplete for good cause); and IP (In Progress courses approved for more than a one-quarter sequence). The designations P (Pass) and NP (Not Pass) are used in reporting grades for some undergraduate courses. P denotes a letter grade of C– or better. A blank grade indicates no record or no report of grade was received from the instructor. W is reported on the transcript indicating the student withdrew or dropped the course sometime after the beginning of the fifth week of a quarter.

Note: Students who drop certain laboratory courses after the second scheduled meeting period will receive a W grade. Refer to the quarterly schedule of classes for specific labs affected.

Instructors have the option of assigning plus (+) and minus (–) suffixes to the grades A, B, and C. This option became available as of fall 1983.

Grade Points

For each student, the registrar will calculate a grade-point average (GPA) over courses taken at any campus of the University of California, not including Extension courses. Grade points per unit will be assigned as follows: A=4, B=3, C=2, D=1, F=0. When attached to the grades of B and C, plus (+) grades carry three-tenths of a grade point more per unit. The grade of A+, when awarded, represents extraordinary achievement but does not receive grade-point credit beyond that received for the grade of A. When attached to the grades of A, B and C, minus (–) grades carry three-tenths of a grade point less per unit than the unsuffixed grades. Courses in which an I, IP, P, NP, S, U, or W grade has been awarded will be disregarded in grade-point calculations. A graduate student’s GPA will be calculated over courses taken while in graduate standing.

The grade-point average is computed by dividing the total number of grade points earned by the total unit value of letter-graded courses completed.

At the end of each quarter, the instructor of each course will assign a letter grade to each student who was enrolled in that course at the end of the ninth week of instruction on the basis of the work required for the entire course. An I grade may be assigned if appropriate.

Changes in Grades

All grades except I and IP are final when filed by instructors on end-of-term grade reports. However, a final grade may be corrected when a clerical or procedural error is discovered. No change of a final grade may be made on the basis of revision or augmentation of a student’s work in the course. No term grade except Incomplete may be revised by further examination. No grade may be changed after one calendar year from the time it was recorded. Petitions for exceptions are referred to the Committee on Educational Policy.

No Report/No Record

A blank entry appearing on student transcripts in lieu of a grade indicates that no grade was assigned by the instructor. A blank entry will lapse automatically into an F, NP, or U if not replaced by a final grade by the last day of instruction of the subsequent quarter, and will be computed in the student’s GPA.

Pass/Not Pass

The Pass/Not Pass option is designed to encourage undergraduate students to venture into courses which they might otherwise hesitate to take because they are uncertain about their aptitude or preparation. Consistent with college policy, an undergraduate student in good standing may elect to be graded on a P/NP basis in a course. No more than one-fourth of an undergraduate student’s total UCSD course units may be graded on a P/NP basis. Departments may require that courses applied toward the major be taken on a letter-grade basis. Enrollment under this option must take place within the first four weeks of the course. A grade of Pass shall be awarded only for work which otherwise would receive a grade of C- or better. Units passed shall be counted in satisfaction of degree requirements, but such courses shall be disregarded in determining a student’s grade-point average. (See “Physical Education Credit toward Graduation.”)

If students wish to change their selected grading option after enrolling, they may use WebReg in StudentLink, or complete an Add/Change/Drop card and file it at the Registrar’s Office. The last day to change grading options is the end of the fourth week of instruction.

Only a grade of P or NP is to be assigned for courses numbered 195, 197, 198, and 199. Subject to the approval of the CEP Subcommittee on Undergraduate Courses, departments may impose additional limitations or restrictions.

Only a grade of P or NP is to be assigned an undergraduate student’s work in a noncredit (0-unit) course.

Note: See “Choosing a College at UCSD” section for further information regarding the P/NP grading option.

The W Grade

When a student withdraws from the university or drops a course, other than a laboratory course, between the beginning of the fifth week of instruction and the end of the ninth week of instruction of a quarter, the registrar will assign a W to the student for each course affected. Only the registrar may assign a W.

Note: Students who drop certain laboratory courses after the second scheduled meeting period will receive a W grade. Refer to the quarterly schedule of classes for specific labs affected.

Courses in which a W has been entered on the student’s transcript will be disregarded in determining a student’s grade-point average.

Adding and Dropping Courses and the W Grade

A student may, with the approval of the instructor (and adviser, if required), add a course to the study list before the end of the second week of instruction of a quarter (through the fourth week with department approval).

A student may drop a course before the end of the ninth week of instruction by filing the appropriate form with the registrar, after first notifying the instructor and/or department.

A student who wishes to drop all courses is required to file an Undergraduate Request for
Academic Regulations

Withdrawal form with the college academic advising or dean's office.

1. A course dropped before the end of the fourth week of instruction will not appear on the student's transcript.

Note: Students who drop certain laboratory courses after the second scheduled meeting period will receive a W grade. Refer to the quarterly schedule of classes for specific labs affected.

2. If a student drops a course after the end of the fourth week of instruction and before the end of the ninth week of instruction, the registrar will assign a final grade of W to the student for that course.

3. A student may not drop a course after the end of the ninth week of instruction.

When an instructor has assigned a grade in a course in accordance with the Academic Senate policy on Integrity of Scholarship prior to the end of the ninth week of instruction, that grade may not subsequently be changed by dropping the course or withdrawing from the university.

WITHDRAWING FROM SCHOOL AND THE W GRADE

A student may withdraw from the university before the end of the ninth week of instruction of a quarter.

1. If a student withdraws before the end of the fourth week of instruction, no course entries will appear on the student's transcript for that quarter.

Note: Students who drop certain laboratory courses after the second scheduled meeting period will receive a W grade. Refer to the quarterly schedule of classes for specific labs affected.

2. If a student withdraws after the end of the fourth week of instruction and before the end of the ninth week of instruction, the registrar will assign a final grade of W to the student for each course in which the student was enrolled at the beginning of the fifth week of instruction.

3. Each student will receive a final grade for each course in which the student was enrolled at the end of the ninth week of instruction of the quarter.

When an instructor has assigned a grade in a course in accordance with the Academic Senate policy on Integrity of Scholarship prior to the end of the ninth week of instruction, that grade may not subsequently be changed by dropping the course or withdrawing from the university.

The In Progress (IP) Grade

For exceptional and compelling reasons, a course extending over more than one quarter may be authorized with the prior approval of the Committee on Educational Policy and Courses (for undergraduate courses) or the Graduate Council (for graduate courses). In such courses an evaluation of a student's performance may not be possible until the end of the final term. In such cases the instructor may assign the provisional grade IP (in progress).

IP grades shall be replaced by final grades if the student completes the full sequence. The instructor may assign final grades, grade points, and unit credit for completed terms when the student has not completed the entire sequence provided that the instructor has a basis for assigning the grades and certifies that the course was not completed for good cause. An IP not replaced by a final grade will remain on the student's record.

In calculating a student's grade-point average, grade points and units for courses graded IP shall not be counted. However, at graduation, courses still on the record as graded IP must be treated as courses attempted in computation of the student's grade-point average in assessing a student's satisfaction of Senate Regulation 634.

The Incomplete (I) Grade

Academic Senate regulations state that the Incomplete grade I for undergraduates shall be disregarded in determining a student's grade-point average, except at point of graduation, when students must have an overall 2.0 (C) on all work attempted at the University of California. All work required for a degree must be completed by the end of the quarter the student filed for graduation. Students requesting an I grade the last quarter before graduation may have their graduation date delayed.

Undergraduate students whose work is of non-failing quality but incomplete for good cause, such as illness, must file a Request to Receive/Remove Grade Incomplete form.

Graduate students enrolled in graduate courses may request instructors to assign the grade of “Incomplete” in order to be permitted to complete required work within the following quarter. If the required work is not submitted by the end of the quarter following so that the grade can be reported by the instructor, the grade will automatically be changed to one of “Failure” by the registrar. Graduate students must file a Request to Receive/Remove Grade Incomplete form.

1. Students should complete their portion of the request form, including the reason they are requesting the Incomplete. The deadline for filing an Incomplete shall be no later than the first working day after final examination week.

2. The instructor has the option to approve or disapprove the request and should state on the form how and when the I is to be completed. If approved, the instructor submits the form with term grade reports.

3. Students must complete the work to remove the Incomplete on or before the date agreed upon with the instructor and in time for the instructor to assign a grade before the end of finals week the following quarter.

4. Failure to complete this work within the regulation time limit will result in the Incomplete lapsing to a permanent F, NP, or U grade.

A student who has received an I grade should not re-enroll in the course to make up the missing work. If the student were to re-enroll, the course would be considered a repeat and would not remove the prior quarter's Incomplete, which would lapse to a permanent F, NP, or U grade.

INTENDED USE OF THE INCOMPLETE

The Incomplete is intended for use when circumstances beyond a student's control prohibit taking the final exam or completing course work.

The Incomplete is not intended as a mechanism for allowing a student to retake a course. A student who has fallen substantially behind and needs to repeat a course can drop the course prior to the end of the ninth week of classes. Otherwise, the instructor should assign the appropriate final grade (D, F, NP, or U, for example).

An Incomplete may not be used simply to allow a bit more time for an undergraduate student who has fallen behind for no good reason. An I may be granted only to students who have a legitimate excuse. Examples of unacceptable reasons for approving an Incomplete include the need to rewrite a paper; the demands of a time-consuming job; the desire to leave town for a vacation,
Family gathering, or athletic contest; the desire to do well on GRE tests; and the like.

**Extension of Incomplete**

For justifiable reasons, such as illness, students can petition their provost or graduate office to extend the Incomplete past one quarter. These petitions must have the prior approval of the instructor and the department chair. The petition must include the reasons for requesting the extension and how and when the I is to be completed. These petitions must be filed before the Incomplete grade lapses to an F, NP, or U grade. The extension cannot be made retroactively.

An I grade may be replaced upon completion of the work required by a date agreed upon with the instructor, but no later than the last day of finals week in the following quarter. If not replaced by this date, the I grade will lapse into an F, NP, or U grade, depending upon the student's initial grading option.

**Student Copy of Final Grades**

At the end of each quarter students should check StudentLink for grade information. Grades are usually available ten working days after the end of final examinations. Students should examine their record for accuracy and report any omissions or errors to the Office of the Registrar immediately.

**Transcript Requests**

Application for an official transcript of record to be sent to another party or institution should be submitted to the registrar several days in advance of the time needed. An application for a transcript must bear the student’s signature. A $6 fee is charged per copy. Checks should be made payable to the Regents of the University of California.

**Grade Appeals**

A. If a student believes that nonacademic criteria have been used in determining his or her grade in a course, he or she may follow the procedures described in this regulation.

2. Nonacademic criteria means criteria not directly reflective of academic performance in this course. It includes discrimination on political grounds or for reasons of race, religion, sex, or ethnic origin.

3. Appeals to this committee [see (B)(4)] shall be considered confidential unless both the complainant and the instructor agree otherwise. They may agree to allow the student representatives to the committee to participate in the deliberations of the committee, or they may agree to open the deliberations to members of the university community.

B. 1. The student may attempt to resolve the grievance with the instructor within the first month of the following regular academic quarter.

2. If the grievance is not resolved to the student's satisfaction, he or she may then attempt to resolve the grievance through written appeal to the department chair or equivalent, who shall attempt to adjudicate the case with the instructor and the student within two weeks.

3. If the grievance still is not resolved to the student's satisfaction, he or she may then attempt to resolve the grievance through written appeal to the provost of the college, the dean of the School of Medicine, or the dean of the School of Medicine, who shall attempt to adjudicate the case with the instructor, the chair, and the student within two weeks.

4. If the grievance is not resolved to the student's satisfaction by the provost or dean, the student may request consideration of the appeal by the CEP Subcommittee on Grade Appeals (hereinafter called the Committee) according to the procedures outlined below. This request must be submitted before the last day of instruction of the quarter following the quarter in which the course was taken.

C. 1. The student's request for Committee consideration should include a written brief stating the nature of the grievance, including copies of any and all documents in his or her possession supporting the grievance. The submission of the brief to the Committee places the case before it and restricts any change of the challenged grade to a change initiated by the Committee, unless the Committee determines that all other avenues of adjudication have not been exhausted.

2. Upon receipt of the student's request, the Committee immediately forwards a copy of it to the instructor involved and asks the instructor, the department chair or equivalent, and the provost or dean for written reports of their attempts to resolve the complaint.

3. The Committee, after having determined that all other avenues of adjudication have been exhausted, shall review the brief and the reports to determine if there is substantial evidence that nonacademic criteria were used.

a. If the Committee finds substantial evidence that nonacademic criteria were used, it shall follow the procedure in paragraph (D) below.

b. If the Committee decides the allegations are without substance, it shall serve written notification of its findings to the complainant and to the instructor within two weeks. Within ten days the complainant or the instructor may respond to the findings and any member of the Committee may appeal the Committee's findings to the full Committee on Educational Policy and Courses. If there are no responses, or if after consideration of such responses the Committee sustains its decision, the grade shall not be changed.

D. 1. If the Committee determines that there is evidence that nonacademic criteria were used, it shall interview any individual whose testimony might facilitate resolution of the case. The complainant shall make available to the Committee all of his or her work in the course which has been graded and is in his or her possession. The instructor shall make available to the Committee all records of student performance in the course and graded student work in the course which is still in his or her possession. The complainant and the instructor shall be interviewed. At the conclusion of the case each document shall be returned to the source from which it was obtained.

2. The Committee shall complete its deliberations and arrive at a decision within two weeks of its determination that evidence of the use of nonacademic criteria had been submitted. A record of the
Committee's actions in the case shall be kept in the Senate Office for three years.

3. If the allegations of the complainant are not upheld by a preponderance of the evidence, the Committee shall so notify the complainant and the instructor in writing. Within one week of such notification, the complainant and the instructor shall have the opportunity to respond to the findings and the decision of the Committee. If there are no responses, or if after considering such responses the Committee sustains its decision, it shall so notify the complainant and the instructor in writing and the grade shall not be changed.

4. If the Committee determines that nonacademic criteria were significant factors in establishing the grade, it shall give the student the option of either receiving a grade of P or S in the course or retroactively dropping the course without penalty. A grade of P or S awarded in this way shall be acceptable towards satisfaction of any degree requirement, even if a minimum letter grade in the course had been required, and shall not be counted in the number of courses a student may take on a P/NP basis. If the student elects to receive a grade of P or S, the student may also elect to have a notation entered on his or her transcript indicating that the grade was awarded by the divisional grade appeals committee.

a. The Committee shall serve written notification of its finding and its decision to the complainant and the instructor. The complainant and the instructor may respond in writing to the findings and the decision of the Committee within one week of such notification.

b. If there are no responses, or if after considering such responses the Committee sustains its decision, the grade shall be changed; the Committee shall then instruct the registrar to change the grade to P or S or, if the student elected the drop option, to retroactively drop the course from the student's record. Copies of the Committee's instruction shall be sent to the complainant and the instructor.

c. If the Committee determines that the allegations of the complainant are not upheld by a preponderance of the evidence, the Committee shall so notify the complainant and the instructor in writing. Within one week of such notification, the complainant and the instructor shall have the opportunity to respond to the findings and the decision of the Committee. If there are no responses, or if after considering such responses the Committee sustains its decision, the grade shall be changed; the Committee shall then instruct the registrar to change the grade to P or S or, if the student elected the drop option, to retroactively drop the course from the student's record. Copies of the Committee's instruction shall be sent to the complainant and the instructor.

E. These procedures are designed solely to determine whether nonacademic criteria have been used in assigning a grade, and if so to effect a change of that grade.

1. No punitive actions may be taken against the instructor solely on the basis of these procedures. Neither the filing of charges nor the final disposition of the case shall, under any circumstances, become a part of the personnel file of the instructor. The use of nonacademic criteria in assigning a grade is a violation of the Faculty Code of Conduct. Sanctions against an instructor for violation of the Faculty Code may be sought by filing a complaint in accordance with San Diego Division By-Law 230(D). A complaint may be filed by the student or by others.

2. No punitive actions may be taken against the complainant solely on the basis of these procedures. Neither the filing of charges nor the final disposition of the case shall, under any circumstances, become a part of the complainant's file. The instructor may, if he or she feels that his or her record has been impugned by false or unfounded charges, file charges against the complainant through the office of the vice chancellor for Student Affairs, the dean of Graduate Studies, or the associate dean for Student Affairs of the School of Medicine.

UCSD Policy on Integrity of Scholarship

The principle of honesty must be upheld if the integrity of scholarship is to be maintained by an academic community. The university expects both faculty and students to honor this principle and in so doing protect the validity of university grading. This means that all academic work will be done by the student to whom it is assigned, without unauthorized aid of any kind. Instructors, for their part, will exercise care in planning and supervising academic work, so that honest effort will be encouraged.

The following policies apply to academic course work for both undergraduate and graduate students. A separate policy exists governing integrity of research. Medical students are governed by policies specified in the Handbook for School of Medicine Advisers and Students, as formulated by the School of Medicine Committee on Educational Policy.

INSTRUCTORS' RESPONSIBILITY

The instructor should state the objectives and requirements of each course at the beginning of the term and clearly inform students in writing what kinds of aid and collaboration, if any, are permitted on graded assignments.

STUDENTS’ RESPONSIBILITY

Students are expected to complete the course in compliance with the instructor’s standards. No student shall engage in any activity that involves attempting to receive a grade by means other than honest effort, for example:

- No student shall knowingly procure, provide, or accept any unauthorized material that contains questions or answers to any examination or assignment to be given at a subsequent time.
- No student shall complete, in part or in total, any examination or assignment for another person.
- No student shall knowingly allow any examination or assignment to be completed, in part or in total, for himself or herself by another person.
- No student shall plagiarize or copy the work of another person and submit it as his or her own work.
- No student shall employ aids excluded by the instructor in undertaking course work.
- No student shall alter graded class assignments or examinations and then resubmit them for regrading.
- No student shall submit substantially the same material in more than one course without prior authorization.
- A student acting in the capacity of an instructional assistant (IA), including but not limited to teaching assistants, readers, and tutors, has a special responsibility to safeguard the integrity of scholarship. In these roles the student functions as an apprentice instructor, under the tutelage of the responsible instructor. An IA shall equitably grade student work in the manner agreed upon with the course instructor. An IA shall not make any unauthorized material related to tests, exams, homeworks, etc. available to any student.
Responsibility for Disposition of Cases of Academic Dishonesty

The primary responsibility for maintaining the standards of academic honesty rests with two university authorities: the faculty and the administration. When a student has admitted to or has been found guilty of a violation of the standards of academic honesty, two separate actions shall follow. The instructor shall determine the student’s grade on the assignment and in the course as a whole. The recommended academic consequence of a serious breach of academic honesty is failure in the course, although less serious consequences may be incurred in less serious circumstances. The dean of the undergraduate student’s college shall impose an administrative penalty. The assistant dean of Graduate Studies shall impose administrative penalties for graduate students in consultation with the instructor and the department. [Hereinafter the college dean and the assistant dean of Graduate Studies shall be referred to as the “appropriate dean.”] Under normal circumstances, the recommended minimum administrative penalties are probation for the first offense and suspension or dismissal for a subsequent offense. The transcript of a student who is dismissed for academic dishonesty shall bear a notation that readmission is contingent upon approval from the chancellor.

Procedures for Disposition of Cases of Academic Dishonesty

The instructor may contact any of the following people for advice on how to proceed or for clarification of the appropriate policy: the student conduct coordinator, the assistant dean of Graduate Studies, the college dean, or the assistant to the vice chancellor for Academic Affairs. The procedure for disposition of cases of academic dishonesty is divided into three phases:

A. The Initial Phase: When an instructor has reason to believe that a student has committed a dishonest act in completing an assignment, he or she should proceed in one of two ways: (1) Call the student to a meeting to discuss the charges, the evidence, and the proposed academic consequence. Unless the instructor decides that there is no evidence for academic dishonesty, the instructor must inform the appropriate dean of the charges. The dean shall then call the student to a meeting to discuss the case and the proposed administrative penalty. (2) Meet with the student and the appropriate dean together to present the evidence and to discuss the charges and the proposed academic consequence and administrative penalty. In this case, the instructor will contact the dean and the dean will, in turn, contact the student to arrange for a meeting of the three parties. Following steps (1) or (2), the instructor will confer with the dean to decide whether to proceed with the charge. The instructor may drop the charge, but the dean may not dismiss the charge without the instructor’s consent. If the instructor and the dean do not agree on whether there is sufficient evidence to proceed, the dean should communicate his or her opinion to the chair of the relevant department. The instructor shall consult with the department chair before deciding whether to proceed.

If the decision is to proceed, the student shall be notified of the charges in writing by the dean and informed of the procedures for processing cases of academic dishonesty under the UCSD Policy on Integrity of Scholarship. The dean shall also advise the student of his or her options and the availability of assistance from Student Legal Services.

The student shall have ten (10) calendar days following notification by the dean to decide whether: (a) to accept the charge of academic dishonesty and the proposed academic consequences and administrative penalties, (b) to deny the charge of dishonesty and to proceed to a formal hearing as provided in paragraph B, or (c) to accept the charge of dishonesty but to appeal the proposed actions as provided in paragraph D. Unless the student informs the dean and the instructor otherwise within this ten-calendar-day period, he or she shall be presumed to have taken decision (a). If decision (a) is taken, a record of the academic consequences and administrative penalties imposed shall be maintained in the office of the appropriate dean. A copy of the final disposition of the case shall be sent to the chairperson of the department in which the violation occurred.

B. The Hearing Phase: If the student denies having committed the alleged act of academic dishonesty, he or she must submit a written request for a formal hearing to the appropriate dean within ten (10) calendar days of being notified of the charges. The dean shall refer the case to the student conduct coordinator (SCC), who within thirty (30) calendar days will schedule a formal hearing of the case by the Academic Dishonesty Hearing Board (“hearing board”). The SCC will provide at least ten (10) days notice to the student and the instructor of the time and location of the hearing. The SCC will also be available to advise the instructor of the procedures and options for presentation of the case.

The hearing board shall be composed of three faculty members appointed by the Academic Senate, one graduate student appointed by the assistant dean of Graduate Studies, one upper-division undergraduate student appointed by the vice chancellor of Student Affairs, and a college dean who shall serve as the presiding officer. Members shall normally serve a two-year term. The presiding officer shall conduct the hearing and advise the hearing board on procedure, but shall not vote. If the student is enrolled in the same college as the presiding dean, a dean from another college shall serve as the presiding officer. The hearing board shall be governed by the general UCSD rules of procedural due process.

When standing members are not available, the formal hearing may be conducted with the appointment of alternates from the appropriate panel as listed below. However, the hearing board must have at least two of the faculty standing members to proceed with the hearing. The student conduct coordinator will select alternates as needed from the appropriate panel on a rotating basis. The panels of alternates to the hearing board will be as follows:

1. A panel of ten faculty members to be appointed by the Academic Senate Committee on Committees.
2. A panel of five upper-division (junior or senior) undergraduate students, one from each college, to be appointed by the college dean. Members of this panel must have completed at least one year on a standing judicial board at UCSD, and,
3. A panel of five graduate students to be appointed by the assistant dean, OGSR.
The hearing board shall hold a formal hearing and decide on the basis of a preponderance of the evidence whether the student did engage in academic dishonesty. In cases where the hearing board deems that expert advice is essential to a judgment on the merits of the case, such as suspected dishonesty in research, the hearing board, in consultation with the Committee on Committees, may appoint an ad hoc committee to advise it. The ad hoc committee shall consist of three faculty members with knowledge of the field in question. The members of the ad hoc committee shall be present at the hearing and shall advise the hearing board during the board's deliberations. The final judgment on the case shall rest with the hearing board. Within five (5) calendar days from the date the hearing is completed, the presiding officer shall forward the hearing board's findings with explanations to the appropriate dean, with copies to the department chair, the instructor, and the accused student.

Within five (5) calendar days after receipt of the notice of the hearing board's final judgment in the case, the appropriate dean shall inform the student in writing of the findings of the committee and, if academic dishonesty is upheld, the administrative penalties to be imposed.

If the hearing board finds the evidence insufficient to sustain the charge of academic dishonesty, the dean and the instructor shall dismiss the matter without further action against the student, who shall be permitted to complete the course without prejudice or withdraw from it. If the student withdraws from the course, it shall not be listed on his or her transcript.

C. The Appeals Phase: If the hearing board sustains the charge of academic dishonesty, an undergraduate student may appeal that judgment in writing to the appropriate college provost within fifteen (15) calendar days from the date of the notice from the dean. A graduate student or IA shall submit the appeal to the dean of Graduate Studies.

The basis for appeal of the hearing board's judgment shall be: (a) that the standards of procedural fairness were violated (e.g., that the student did not have sufficient opportunity to present his or her side of the case) or (b) that there exists newly discovered important evidence which has substantial bearing on the findings of the hearing board.

If the appeal is sustained, the case shall be referred back to the hearing board for a new hearing. Except for such appeals, the judgment of the hearing board shall be final.

D. Modification of Academic Action and/or Administrative Penalty: Within five (5) calendar days of receipt of the dean's letter, the student may appeal the instructor's determination of the academic action, and/or the dean's administrative penalty, as provided below.

Request for Modification of Academic Action: A request for review of the academic action taken under paragraph A may be directed to the CEP Subcommittee on Grade Appeals. If the case has been heard by the hearing board, the CEP Subcommittee on Grade Appeals shall receive the report of the hearing board and accept its findings as to the facts of the case.

Request for Reduction of Administrative Penalty: An appeal of the dean's administrative penalty under the provisions of paragraphs A or C shall be directed by an undergraduate student to the provost of his or her college, or by a graduate student or IA to the dean of Graduate Studies.

OTHER POLICY

While the case is pending, the student may not drop the course in which he or she is accused of dishonesty. If the case has not been adjudicated before the end of the quarter, the instructor shall not assign a grade in the course, but shall put a faculty hold in the memoranda column of the grade report, and the case may be continued into the next regular academic quarter.

If the student withdraws from UCSD before the final disposition of the case, the following policy shall govern. If the student is found to have committed an act of academic dishonesty, and the instructor assigns him or her a final grade in the course, this grade shall be permanently entered on the transcript. If the administrative penalty is dismissal, the transcript shall bear a notation that readmission is contingent upon the approval of the chancellor. Any administrative penalty less severe than dismissal shall be imposed when the student returns to the university.

If the final decision in the case results in dismissal of the student, a record of the case and its outcome shall be established, in the Office of the Vice Chancellor for Student Affairs or the Office of Dean of Graduate Studies, depending on the registration status of the student. If the administrative penalty is suspension or dismissal, the fact that the student was suspended or dismissed for academic dishonesty must be posted on the academic transcript for the duration of the suspension or dismissal.

If a case of suspected academic dishonesty is also the subject of an administrative inquiry under the Policy on Integrity of Research, then the vice chancellor of Academic Affairs, in consultation with the hearing board, may make such modifications in procedure as are necessary to coordinate the two inquiries.

The appropriate dean can extend any timelines in this policy.

Special Programs

Education Abroad Program and the Opportunities Abroad Program

Please refer to the "Courses, Curricula, and Programs of Instruction" section of this catalog, where the Education Abroad Program and the Opportunities Abroad Program are described in full.

Intercampus Transfer (ICT)

An undergraduate in good academic standing who is now, or was previously, registered in a regular session at any campus of the University of California and has not since registered at any other institution may apply for admission as a transfer in the same status to another campus of the university.

HOW TO APPLY

Intercampus transfers must complete the University of California Undergraduate Application form. These forms are available in the Office of the Registrar. You may apply to one or to as many as eight UC campuses of the university using one application form. Send your completed application to:

University of California
Admissions Application Processing Service
P.O. Box 23460
Oakland, CA 94623-0460
Mail only your application form, fees, and essay to the processing service address above. Send your transcripts, test scores, and all other correspondence relating to your application directly to the Admissions Office at the university campus(es) to which you apply. The processing service will not forward them.

You may apply online using Pathways: www.ucop.edu/pathways.

**APPLICATION FEES**

The basic application fee of $40 entitles you to apply to one university campus. If you apply to more than one campus, you must pay an additional $40 for each campus you select. These fees are not refundable.

**WHEN TO APPLY**

Priority dates for filing applications for intercampus transfer are identical to the application filing dates for new students: fall, November 1–30; winter, July 1–31; and spring, October 1–31. UC Berkeley fall semester, November 1–30; spring semester, July 1–31.

A campus will accept applications after the priority period only if it still has openings. If you apply after the priority filing period to a campus that is no longer accepting applications, the Admissions Application Processing Service will notify you by mail that your application will not be forwarded to that campus. In this case, you may receive a full or partial refund of the application fee.

Please note: UCSD does not accept applications for winter and spring quarters.

**Intercampus Visitor (ICV)**

Qualified undergraduates may take advantage of educational opportunities on other campuses of the University of California as an Intercampus Visitor (ICV). This program is designed to enable qualified students to take courses not available on their home campus, to participate in special programs, or to study with distinguished faculty members on other campuses of the university. Students who meet the following requirements should complete an application available in the Office of the Registrar.

1. An undergraduate student must have completed at least one year in residence on the home campus and have maintained a grade-point average of at least 2.0 (or equivalent) to apply as an intercampus visitor.
2. Approval of the appropriate provost office is required.

If students meet the above conditions, they may receive a full or partial refund of the application fee. A nonrefundable fee of $40 is charged for each ICV application.

**Simultaneous Enrollment of UCSD Students at other UC Campuses**

UCSD students may enroll in classes at another UC campus for the same term providing the student:

- Has completed one quarter as a matriculated student at UCSD
- Is enrolled for a minimum of eight units for the current term at UCSD
- Is in good standing
- Has the appropriate academic preparation as determined by the host campus.

Financial aid is available only through UCSD. Students eligible for veterans, rehabilitation, social security, and other federal, state, or county benefits must secure eligibility certification through the UCSD financial aid office. Units taken at both campuses may be combined to establish full-time enrollment for financial aid.

**ROTC**

UCSD does not have an ROTC program. Students may, however, with the permission of their college, enroll in ROTC courses at another institution in conjunction with completing their degree programs at UCSD.

ROTC courses are conducted on the campuses of the University of San Diego and San Diego State University (College of Extended Studies) for the Navy ROTC, and at San Diego State University for Army and Air Force ROTC. Further information on these programs may be obtained from the ROTC adviser at the Aerospace Studies Department, (619) 594-5545, and the Military Science Department, (619) 594-4943, at San Diego State University, or the Department of Naval Science, (619) 260-4811, at the University of San Diego.

**Absence/Readmission to the University**

Undergraduate students absent for no more than one quarter are considered to be continuing students and should contact the Office of the Registrar for registration information.

Students in good academic standing who are absent for two or more consecutive quarters must file an application for readmission no later than four weeks prior to the beginning of the quarter at the Office of the Registrar, 301 University Center. A nonrefundable fee of $40 is charged.

Students in good academic standing who are absent for two quarters are automatically readmitted to UCSD.

Students in good academic standing who were absent for three quarters or more, and who have been readmitted, must consult with a college academic adviser before enrollment. Students must adhere to the graduation requirements in effect at the time of readmission or those subsequently established.

Students who were on probation or subject to dismissal the last quarter of attendance at UCSD, but were not dismissed, must consult with an academic adviser and establish a contract before enrollment.

Students who were dismissed from UCSD, but have subsequently met the conditions stipulated in their original dismissal letter, must consult with an academic adviser and establish a quarterly contract before readmission and enrollment.

Students who attended another institution since leaving UCSD must submit official transcripts for all academic work completed. This work must be of passing or higher quality.

In the case of major departments with approved screening criteria, students may be readmitted as pre-majors.

**Withdrawal from the University**

Enrolled or registered (paid fees) students who wish to withdraw either prior to or during the quarter are required to complete the Undergraduate Application for Withdrawal. The form should be filed with the student's college academic advising or dean's office. These
forms serve two purposes: 1) a means to provide a refund of fees, if appropriate (see below); 2) automatic withdrawal from classes (see also “The W Grade”). Students considering withdrawing are urged to consult with their respective college. The colleges recognize that there are many reasons for students withdrawing from the university.

Refund Policy

NEW UNDERGRADUATE STUDENTS

Prior to the first day of instruction, the registration fee is refunded minus the $100 statement of intention to register fee.

REFUND SCHEDULE

The following schedule of refunds is effective beginning with the first day of instruction and refers to calendar days (including weekends):

<table>
<thead>
<tr>
<th>Days</th>

(Subject to Change)

The effective date of withdrawal used in determining the percentage of fees to be refunded is the date indicated on the withdrawal form by the college academic advising or dean’s office.

RETURN OF TITLE IV FEDERAL STUDENT AID

Financial aid recipients may be required to return some or all of their aid at the time of withdrawal. This requirement applies only to undergraduate students who withdraw prior to completing 60 percent of the quarter. Questions about financial aid repayment should be directed to the Financial Aid Office.

Auditing

Interested individuals, including registered students, are permitted to audit courses only with the explicit and continuing consent of, and under such rules as may be established by, the faculty member in charge of the course. The instructor is not obligated to devote time to the work of individuals not officially enrolled in the course. All persons auditing are required to abide by University policies and campus regulations.
